TAGON BAY EDITION

## CAPE ARID REGION

841 kilometres from Perth Point Zero

“I wander alone, sometimes whistling, mostly strolling, but often stopping and just standing – turning this way and that taking everything in...”

“As Robert Hughes once wrote, – solitude is beyond question one of the world’s greatest gifts and an indispensable aid to creativity.”

**CAPE ARID - PHILIPPA & ALEX NIKULINSKY**

## TAGON BAY EDITION

Where the dunes begin and the rolling clouds end; a visual trickery abounds as you pound the stretch to Tagon Bay. Wizened granite rocks rise from the voraciously exposed ocean, while the harsh reality of a wave-worn coastline juxtaposes the brilliance of Mother Nature's softest sands; crunchy under foot and providing a glary view to the passing Southern Right or Humpback whale. A basking rock lizard avoids persistent sea birds and a trail-walker traipses by. Here we land right on earth's cusp as we visit Tagon Bay.

## FILTER COFFEE

The inherent nature of filter brewed coffee, paired with the flavour profile of our featured roasters, allows for lower acidity, greater sweetness and a cleaner finish, offering the perfect coffee accompaniment to the Cape Arid Rooms afternoon tea menu.

By using a higher percentage of water and a longer extraction time, filter coffee - when compared to espresso, enhances the unique characteristics associated with the individual processing, terroir and roast profile. All of these factors lead to a better expression of a coffee, delivering the finest flavour experience to the end consumer.

This edition we are pleased to showcase an Ethiopian coffee from the village of Kebele.

A natural processed coffee from renowned producer, Girma Bekele. Girma produces some of the best natural coffees in the world. He takes great pride in ensuring that the coffee cherries used are only the ripest and sweetest from the Waliso, Dega and Kurume varieties.

We are delighted to warmly welcome and support small holder and passionate producer, Girma Bekele.
